

Family Scholarship

The Institute of Business and Medical Careers (IBMC) has helped students build their careers in the business and medical fields since 1987. Through the years many husbands and wives, and children and parents have completed their education experience together. In response and to encourage these circumstances, the Family Scholarship was created for immediate family members who have enrolled at IBMC.

Option 1: A **\$500 scholarship** is awarded for a student seeking a certificate in the program area of their choice.

Option 2: A **\$1000 scholarship** is awarded for a student seeking a diploma in the program area of their choice.

Option 3: A **\$1500 scholarship** is awarded to a student seeking an Associate of Occupational Studies Degree in the program area of their choice.

■ Eligibility:

Family Scholarship recipients are awarded based on the following criteria:

- Must be an immediate (spouse, child, sibling) family member of a current IBMC student or graduate.

■ Application Procedure:

1. Student completes scholarship application.
2. The application must be submitted prior to starting college. **Students who have already started classes are not eligible for this scholarship.**

■ Award:

The award of the Scholarship will be shown on the Tuition Finance Plan. **If the student does not complete the program he or she is enrolled in, the Scholarship will not be awarded.**
